Pathophysiology of disease

22-24 September 2022
Ancona

Dear all,
in Ancona we start a new era
for the type of our conferences: a mix
between the Young Scientist Meeting and the National Congress
every two years.

We will give more space to all the young people of our national
schools and we will give space to schools to tell us what scientific
is going on at both the cellular and molecular level. I hope to see
you many in September and that Ancona should be our rebirth in all
senses, both scientific and corporate.

Massimiliano M. Corsi Romanelli

ABSTRACT SUBMISSION GUIDELINES

Deadline: 30th June 2022

GENERAL REQUIREMENTS

The text must be clear, concise and written in proper English. The content must not have been previously published in academic journals or subject to peer review. Significant technical information must not be withheld. Abstracts must absolutely contain results. Statements such as "results will be discussed" are not acceptable and will lead to rejection. The body of the abstract must not exceed 2300 characters, spaces included.

GENERAL INFORMATION

Deadline for receipt: Abstracts should be submitted by 30 June 2022, 23.59 CET.
Confirmation of receipt: Receipt of the abstract will be acknowledged by e-mail immediately after submission.
Registration: The presenting author of each abstract must register for the congress. Further information on registration modalities will follow in due time.

STRUCTURE OF THE ABSTRACT

Abstracts must be structured as follows:

- **INTRODUCTION:** a brief introduction stating the purpose of the investigation and its relevance;
- **METHODS:** a description of the methodology used;
- **RESULTS:** to be supported by statistical or other evidence to show their validity;
- **CONCLUSIONS:**

Congress delegates are invited to submit abstracts of their scientific work for presentation as a free communication at the SIPMeT Congress in Ancona, 22-24 September 2022.

An unlimited number of abstracts may be submitted provided the presenting author applies for free registration. Abstracts are welcome in all fields of General Pathology and Clinical Pathology.

Free communications are primarily presented via poster. A limited number of abstracts will be selected for oral presentation during the seven sessions (4 abstracts for each session, for a total amount of 28). Authors wishing to compete for these oral communication slots should mark the appropriate field on the on-line abstract submission form. Properly submitted abstracts will be sent to experts for review and selection for oral communication.

REGISTRATION

The Congress is upon registration.

Registration is free. The event is reserved to SIPMeT members.

Registrations will be accepted on a first come, first served basis **within 1 September 2022**.

To register please go to www.mzevents.it, section "Residential Events" and click on the button "Register and login" after having selected the event.

SOCIAL EVENT

A "Get-together" cocktail dinner will be organized on **Friday, 23 September**, in the evening. To confirm your attendance, please mark the appropriate option on the on-line registration form.
